### JUDGE HAMMONDS.

Gracey Officials Merely Swap Offices.

Ex-Postmaster W. J. Hammonds, of Gracey, who was recently removed as postmaster and H. C. McGhee appointed in his stead, has dropped gracefully into the office vacated by Mr. McGhee. Mr. McGhee was police judge of Gracey and had to resign that office. Saturday Judge Fowler appointed Mr. Hammonds to succeed him.

### DIVORCE PROCEEDINGS

Instituted and Custody of Three Children also Asked.

Mary Taylor has instituted divorce proceedings against Ellis Taylor, alleging severe cruelty. The parties, the petition states, were married in this county about two years ago and lived together until October 1898. Plaintiff seeks an absolute divorce and the custody of their three children.

### S. K. C. WON ONE.

Mooney Team Will Play here Next Friday Afternoon.

The South Kentucky Ball team played two games with the S. O. U. nine of Clarksville. S. K. C. lost the first game and won the second by 11 to 10. Both were very exciting and were witnessed by large crowds. The game to have been played here last Friday with the Mooney nine was postponed until next Friday afternoon.

"Young Men's Day" was observed in the city Sunday. Young ministers from the Y. M. C. A. occupied several pulpits in the morning. At 3 p. m. a service for men was held at the Methodist church and at 7.30 a big union meeting was held at the Tabernacle. Rev. John Lake preached at the Baptist church at the morning service.

The concert by the Treble Clef Club, at the Opera House Friday night, was a great musical treat. Madame Bertelle, the soprano soloist, sang in a manner that delighted all who heard her.

## LAST DAYS OF ST. PIERRE!

Greatest Disaster That Ever Occurred on the Western Continent!

West Indian Volcano Buries 40,000 People Without Warning!

## EIGHTEEN SHIPS IN THE HARBOR DESTROYED!

Graphic Description of the Eruption of Mt. Pelee May 8.

By William Peters, American Consul at St. Lucia:

"St. Lucia, May 10.—The destruction of St. Pierre is complete. The upper end of the island is nearly all under ashes. The southern part of Martinique is safe, so far as the destruction of cities is concerned, but all vegetation is destroyed.

"People and stock are perishing for water. Rivers are blocked with ashes. Food is scarce and a famine cannot be escaped. The crater of La Soufriere, on St. Vincent, is in full eruption. The eruption is visible fifty miles away. Steamers report thick ashes 200 miles from the island. It is impossible to approach the shore. The loss of life must be enormous, but detailed information is at this time impossible. Cable communications to St. Vincent are destroyed. Every effort is being made to reach the island, and there is great fear that some of those making the heroic attempt will be lost.

"Forty thousand people perished on Martinique, including the Governor and his wife, and many other notables. The entire population of St. Pierre and practically all of the residents in nearby villages are among the victims. All the shipping in the harbor, except the steamer Roddam, was destroyed with nearly all the crews. The Roddam reached here. Her captain is badly burned. Practically her whole crew is either dead or badly hurt."

### Eruption Still Continues.

London, May 10.—Private dispatches received late this afternoon from the West Indies say the eruption at Martinique is decidedly worse.

The French Cable company received cablegrams this morning announcing that the eruption at Martinique continues and that ships are afraid to go near the island.

The latest messages indicate that the number of deaths will be about forty thousand.

Several of the smaller islands near Martinique have also suffered. Lloyd's agent at St. Lucia, B. W. I., cables that later news fully confirms the disaster at St. Pierre. He says he cannot ascertain the names of the vessels which have been lost, but they include one Italian barque and two steamers, one probably being the Grappler, the cable ship belonging to the West Indies and Panama Telegraph company.

Lloyd's agent at St. Thomas, D. W. I., cables that St. Pierre has been totally destroyed by fire, and that all the inhabitants perished. All the vessels in the harbor were lost. These include the Grappler, the steamer Roraima, belonging to the Quebec Steamship company, took fire in the port and became a total loss. All on board the Roraima perished.

### Consul Prentiss a Victim.

St. Pierre, Martinique, May 10.—The Governor of Martinique, N. L. Mouttel, who started for St. Pierre the day before, had not been heard from and is thought to have perished. His staff colonel and wife were with him.

as well as the United States consul, T. T. Prentiss, and all the other foreign consuls.

The wiping out of the city was accomplished in a few minutes.

### Destruction Was Swift.

After a week of rumbling in the interior of the volcano, followed by showers of lava dust Wednesday, the molten lava burst out suddenly at 8 o'clock yesterday morning.

St. Pierre was destroyed and all of its inhabitants killed almost in a twinkling. Those who saw the eruption from the sea say that masses of fire fell from the sky.

Although St. Pierre is only fifteen miles distant from here, it is impossible to approach it on shore. Hot ashes and ruins block all approach. The telegraph line to the city is destroyed.

### Search for Survivors.

Every available vessel has been sent to the harbor of St. Pierre to rescue survivors, if any there be.

The French cruiser Suchet, which was here during the night and brought the first definite story of the disaster, has gone to Guadeloupe for provisions, and will reach St. Pierre harbor to-morrow morning.

It is thought that the residents of adjoining districts not overwhelmed who were dependent on the city for their food supplies, will be in danger of starvation unless help soon reaches them.

### Saw the Eruption.

The commander of the Suchet reported that he saw the eruption and went in as close to St. Pierre as he dared. He rescued about thirty persons from vessels in the harbor, eight of them from the Quebec Steamer Roraima, which exploded and sank after it had been set on fire by the lava. All of the rescued persons are burned, some of them terribly.

A number of the officers of the Suchet were sent ashore in small boats, but they were unable to penetrate the town. They saw heaps of bodies upon the wharves, but they did not see a single living being. They report that not a single vessel in the harbor escaped.

### Not One Escaped.

The commander of the Suchet believes that not a single person in St. Pierre at the moment of the outbreak escaped, and that the entire town is destroyed, and that probably many of the surrounding parishes are devastated.

### Heap of Ruins.

Fort De France, Island of Martinique, May 11.—Advices received here today from the vicinity of St. Pierre (ten miles from here) contain further details of the volcanic upheaval, which resulted in the utter destruction of the town and the death of nearly all of its inhabitants.

The latest reports received here show that lava continues to pour down the slopes of the mountain, slowly engulfing the whole north side of the island, while fresh crevasses are continually opening.

The 450 survivors who were brought here yesterday from the vicinity of St. Pierre by the French cable repair ship, Poyer Guertier, came from the town of Le Precheur, where, surrounded on all sides by o'wing lava, they were nearly

roasted to death and expected momentarily to be engulfed.

The work of relief is progressing here on the most extensive scale possible, but, in anticipation of disturbances, the treasury building and the warehouses are guarded by troops.

### Wearing Its Smoke Cap.

The crater at Mt. Pelee has been wearing its "smoke cap" since the third of May; but there was nothing until last Monday to indicate that there would be the slightest change. On that day a stream of lava shot through the top of the crater and spread into the valley, overwhelming the Guerin Sugar Works and killing 23 people and the son of the proprietor.

A commission was appointed by the Governor to investigate the outbreak and it returned a reassuring report on Wednesday evening. But about 8 o'clock on Thursday morning a shower of fire rushed down on St. Pierre and the coast from Le Carbet, which had a population of 6,000 to Le Precheur, which had a population of 4,000, burning up everything in its path.

The commander of the Suchet, conducted a search at St. Pierre yesterday. The captain reports that the town is now a mere heap of smoking ruins, under which the victims of the catastrophe are buried. The Suchet was able to convey some of the inhabitants of Le Precheur to Fort de France, but could not reach the northernmost part of the island, on account of the dense rain of ashes.

The captain of the Suchet further reported that the Mont Pelee volcano still had a threatening aspect yesterday evening. Subterranean rumblings were still heard; flashes of flame frequently belched from the volcano, and stones were thrown out with immense force. There is no doubt that Gov. Mouttel and the commander of the troops at St. Pierre, Col. Dain, are dead.

Other dispatches confirm the reports that the American and British consuls and their families perished.

### The Stricken Island.

Martinique is an island 43 miles long and not half as wide. It has an area of 380 square miles and had a population of 100,000, mostly negroes. Mt. Pelee is 4,300 ft. high and its last eruption was in 1851.

Thomas T. Prentiss was the consul and Amde Trestarte vice consul at St. Pierre. Mr. Prentiss was born in Michigan and appointed to the consular service from Massachusetts.

### Great Disasters in History.

History records few if any disasters equal to the St. Pierre catastrophe. The most destructive eruption of the famous Mt. Etna was in 1663, when the city of Catania was overwhelmed and 18,000 people perished in the ruins. In 1783 Hecla, in Iceland, destroyed twenty villages and 9,000 people. In 1815 Tomboro, in Sumatra, had an eruption and only 26 of the 12,000 inhabitants escaped. The destruction of Pompeii by Vesuvius is a classic tragedy.

Earthquakes have claimed more victims than volcanic eruptions. In 526 in Antract 250,000 people perished in an earthquake. In 1755 Lisbon and a part of Portugal were destroyed and 30,000 people in Lisbon sank into an abyss, from which not one body was recovered.

In 1822 Alleppo and other cities were overthrown in six seconds and 30,000 souls perished. In 1812, in Caracas 1200 were killed. In 1746 a tidal wave from an earthquake drowned the 5,000 inhabitants of Callao.

## CHILES GOES BACK.

Reinstated on the Pay Roll at Asylum on Beckham's Orders.

Dr. Ray Protested But Outside Influences Forced Him To Yield.

W. J. Chiles, former supervisor, and Mrs. W. J. Chiles, former matron at the Western Asylum, are again on the pay roll of that institution.

They were removed by Dr. E. B. McCormick about thirteen months ago, that being one of his last official acts. Mr. and Mrs. Chiles preferred the charges against Dr. McCormick that brought out the retaliatory exposures of last year, that resulted finally in the unearthing of social and criminal scandals of the most disgraceful character. When Mr. Chiles was removed, he forced the removal of Dr. McCormick, being led to believe that as soon as things quieted down a little he would be reinstated. But the new superintendent, Dr. Ray, delayed his reappointment from month to month until it finally dawned upon Mr. Chiles that he was out for good. Not long ago he changed his tactics and no longer requested but demanded a position for himself and wife. He went to headquarters with his demand and made it plain to the administration that he would brook no refusal. As Mr. Chiles was possessed of more "general knowledge" about the inside workings of the asylum while he was there than any other man, it was absolutely necessary to keep him in a retirement frame of mind.

At the April meeting of the Board Dr. Ray entered a formal protest against the contemplated removal of Dr. Chiles. Dr. O'Bryan was a place for Mr. Chiles. Dr. Ray was earnest in his protest that O'Bryan was not disturbed. Mr. Chiles then asked for the place held by Supervisor Feitress, but Mr. Feitress also knew too much to be removed with safety, and another month passed with Mr. Chiles still outside the breakwaters. Then a hurried trip was made to Frankfort, Inspector Hines came down to the asylum and it is said he brought peremptory orders to Dr. Ray to find a place for Mr. Chiles at once.

Yesterday he was given the position as Outside Supervisor, displacing Walter C. Cook, who, it is said, will be given some other place. Mrs. Chiles was made assistant matron, superseding Mrs. Mary P. Collins, who was removed.

The removal of Mrs. Collins has caused new troubles to arise. She had strong friends backing her, including one or more members of the Board. She is a daughter of Mr. P. L. Sherrell of Booneville, and all that part of the county is exercised over her dismissal. But Mr. Chiles is vindicated and has returned to the charmed circle of congenial spirits from which he was torn a year ago. He will occupy the same cottage on the grounds that he lived in before.

## PRIMARY ORDERED.

Democrats to Nominate a Candidate for Congress By Ballot August 2.

Fleeing of the District Committee Held in This City Harmonious in Every Respect.

The Democratic Congressional Committee of the Second district decided Saturday night that a legalized primary election should be held on Saturday, August 2, for the purpose of nominating a candidate for Congress.

This decision was practically unanimous and was in accordance with the desires of a majority of the candidates, all of whom were present, with the exception of Hon. Jno. B. Brasher, of Hopkins county, who was too ill to attend.

The meeting was called to order at 7:30 o'clock Saturday night at Hotel Latham by District Chairman, Charles M. Meacham. The members present were J. T. Wilson, of Henderson; Geo. V. Green, of Christian; W. P. Miller, of McLean; S. F. Bingham, of Union; Dr. J. A. Gordon, of Webster; D. W. Gatlin, of Hopkins; E. E. Kelly, of Hancock. The latter held the proxies of T. P. Birkhead and C. A. Payne, of Daviess county. D. W. Gatlin, of Hopkins county, was elected secretary of the meeting.

All candidates were offered an opportunity to address the committee. Messrs. E. P. Taylor, A. O. Stanley and Geo. W. Hickman did so and before adjournment Mr. W. R. Howell came in on the 9:40 train and attended the meeting.

Mr. John B. Brasher was represented by Hon. R. B. Bradley, Messrs. Taylor, Hickman and Bradley asked for a primary. Mr. Stanley favored a convention. Mr. E. C. Waide, speaking for Mr. Howell, said Mr. Howell had expressed no preference. All said they would cheerfully abide by the decision of the committee.

The vote on the first ballot in the committee stood 7 to 2 in favor of a primary, but it was made unanimous. By the same vote the date was made August 2, instead of July 12.

There was some discussion over the qualifications of the voting in the primary, but the same qualifications as adopted for participants in the appellate convention were agreed upon. It is that all Democrats of whatever shade or belief who agree to support the nominee and all young men casting their first vote, who will pledge themselves to support the nominee, shall be entitled to vote in the election.

The committee decided that no candidate should be allowed to use the Democratic device for his individual device.

The committee then adjourned to meet in Henderson on July 1 to complete all arrangements for holding the primary election. At the meeting in Henderson the candidates will decide by lot in what order their names shall appear on the ballot.

The matter was discussed somewhat in the committee and it was thought that the primary could be held at a cost of \$2,000. No election officer will be allowed more than \$1 for his services.

The meeting of the committee was harmonious in every particular.

Paul Leicester Ford, the author and novelist, was shot and killed Friday by his brother, Malcolm Webster Ford, writer and athlete, who immediately sent a bullet into his own breast, dying instantly. Malcolm Ford was disinherited by his father and his brother had been supplying him with funds. It is supposed that Paul had decided to meet anyone of his brother's exorbitant demands. Only a young lady stenographer was present and she did not hear the words that preceded the shooting, spoken in a low tone. Ford's best known books are "The Honorable Peter Stirling" and "Janice Meredith." He was 37 years old and was married only about a year ago.

**CHICKS CHANGE COLOR.**  
Pure Plymouth Rocks Now a Beautiful Brown.

Mrs. John D. Wright, of the Sink Fork country, who raises Plymouth Rock chickens extensively, has a much mixed lot this season. Just before the recent rain and hail storm, she cooped a lot of chickens under a large ash tree. When they were turned out next morning a transformation had taken place. Instead of showing the natural color, ever one had turned a pretty glossy brown. It was thought some-one had traded fowls with her, "eight unseen" but this could not be and the only solution is that the lye drippings saturated the feathers, causing them to change color. Dr. L. J. Harris, father of Mrs. Wright, vouches for the truthfulness of the fowl story.

**Wont Follow Advice After Paying For It.**

In a recent article a prominent physician says, "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, merely the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach and Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by C. K. Wyly.

**PELL IN CISTERN**  
And Before Assistance Could Be Rendered Child Drowned.

A special sent from this city to the Nashville American says: "The 5-year-old son of Henry Phillips, living three miles from Cadiz, fell into a cistern in the yard that had been left uncovered Friday evening and was drowned. The child's mother and grandfather were in the house at the time and heard the child's screams. They at once ran to the cistern and help was summoned, but the child was dead when taken from the water."

**No Loss of Time.**  
I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than out of five bottles of it yesterday to fresheners that could go no farther, and they are at work again this morning.—H. You should keep a bottle of this Remedy in your home. For sale by C. K. Wyly.

**CREAM AND BERRIES**

Included in Lunch for Visitors at Earlington.

The old fiddlers of Hopkinsville who attended the contest at Earlington were royally entertained during their stay. All were given prizes and the occasion was greatly enjoyed.

In the afternoon the "wielders of the bow" were shown the various coal mines of Earlington, a trip was taken to Loch Mary and the little city was viewed from every point. After the entertainment all the performers were invited to lunch, which consisted of ham, coffee, cake, cream, berries, etc. The spread was gotten up by the ladies of Earlington and was greatly enjoyed by the old fiddlers.

Quite a handsome sum was realized from the contest. The affair was a big success and the parties who had the matter in charge deserve much credit for their efforts.

Miss Morris Chosen Queen of the Elks' Carnival.

Glads of Honor to Be Announced This Week—Fair Begins Monday.

Miss Elizabeth Morris, daughter of Mrs. J. C. Tully, who lives six miles south of town on the Clarksville pike, will be Queen of the Elks' Carnival.

The contest closed yesterday and Miss Morris was found to be elected by a plurality of several hundred votes over Miss Annie May Reynolds, who received the next highest vote.

Miss Morris is a young lady still in her teens and possesses unusual beauty and rare graces of mind and person. She came to the county from Natchez, Miss., a few years ago. She is a grand-daughter of the late Dr. Jas. Wheeler, and a niece of Dr. W. G. Wheeler and Hon. Chas. K. Wheeler.

The maids of honor will be selected at once, as the Carnival begins next Monday.

**The Most Common Ailment.**  
More people suffer from rheumatism than from any other ailment. This is wholly unnecessary, for a cure may be effected at a very small cost. G. W. Westcott, of Meadowdale, N. Y., says: "I have been afflicted with rheumatism for some time and it has caused me much suffering. I concluded to try Chamberlain's Pain Balm and am pleased to say that it has cured me." For sale by C. K. Wyly.

**SEATS ON SALE.**  
Secure Your Reserved Seats and Avoid the Rush.

Reserved seat tickets for the Old Time Fiddlers' Contest at the Tabernacle, Friday night, May 16, were placed on sale at Elgin's drug store yesterday and already a number of seats have been marked off. By calling early you can secure choice space. Reserved seat tickets are only 50c. General admission will be 35c and gallery 25c. Remember, the proceeds, after expenses are paid, go toward reducing the tabernacle debt. Everybody should patronize the entertainment and pack the house.

**DIED OF CONSUMPTION.**  
Wife of Mr. John Larkin Passes Away at Madisonville.

The wife of Mr. John Larkin, who recently moved from here to Madisonville, died Friday morning of consumption. Mrs. Larkin was a most excellent woman and her host of friends here learned with much regret of her demise.

Mr. John Harvey, of this city, brother of the deceased, and Mrs. L. Nash attended the funeral.

**Sunday School Picnic.**  
The Baptist Sunday School will have a picnic in the Cedar Grove next Saturday.

The Sunday School has an enrolled membership of about 325.

**Women as Well as Men Are Made Miserable by Kidney Trouble.**

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of this difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail. Also, samples for those who are suffering with it all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

### SAME STORE

Twice Burglarized Within Space of Only Four Days.

The grocery of Mann & Johnson at Penbrooke was entered by burglars Friday night and robbed of cash and valuables to the amount of probably \$200.

The postoffice is in the same building, the postmaster being C. E. Mann. The safe was blown open by the thieves. From this was taken \$191 in postoffice money, \$50 belonging to Mann personally and seven watches belonging to J. C. Cosby, the jeweler.

The Monday night before the same house was robbed of a dozen or more watches and a lot of cutlery and pistols, amounting to considerably over one hundred dollars.

This is the fifth time that store has been burglarized since the firm has been business. The last robbery was evidently committed after midnight.

There is as yet no clue to the burglary, but officers have the matter in hand and the guilty parties may be apprehended.

**Sciatic Rheumatism Cure After Fourteen Years of Suffering.**

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by C. K. Wyly.

**SUIT FOR DIVORCE.**  
Parties to the Suit Live Near Cerulean Springs.

Mrs. Eva Guthrie, through her attorney, Jas. B. Garrett, has filed suit in the Trigg Circuit Court against Henry B. Guthrie for divorce, says the record. The couple live at Cerulean Springs. Mrs. Guthrie prays for the custody of their three-year-old daughter, and asks for an allowance out of her husband's estate for the maintenance of herself and child. Abuse and dissipation and a natural aversion are alleged in the petition as grounds for divorce.

**SHOT TOO SOON.**  
M. A. Brown Lets a Burglar Get Away.

An attempt was made Thursday night at Crofton to burglarize the store of M. B. Brown & Son, in which the postoffice is located.

M. A. Brown, son of the head of the firm, who sleeps in the rear room, about midnight was aroused by someone working at the front door. He got up and, with pistol in hand, awaited developments. The burglar soon forced the lock and pushed the door open. A chair against the door hindered its opening and the man did not enter in time to stop the bullet young Brown fired. He hastily fled in the darkness, leaving his burglar's tools on the outside.

**In Bankruptcy.**  
Andrew J. Scott, of Roaring Spring, has filed a petition in bankruptcy in the Federal Court at Paducah. His liabilities are given at \$500 with no assets.

Impurities in the blood produced by digestive disorders must be driven out before hot weather sets in, otherwise sickness will appear at a time when a strong vigorous diet is most needed. Prickly Ash Bitters will expel all impurities and put the system in perfect order. R. C. Hardwick, special agent.

## SPECIAL AGENT

100,000 YARD. OF STONE

For Church Hill Pike Will Be Hauled Gratis.

Recommends Establishment of Two New Rural Routes.

Examination of Applicants as Carriers Made and Papers Sent to Washington.

Special Agent H. G. Rising, who inspected three proposed new rural free delivery routes in Christian county last week, made a favorable report on two of them.

Nos. 5 and 7 will be established either July 1 or October 1. No. 5 extends from Hopkinsville along the Cadiz road to Eng. H. B. Clark's, two miles west of Gracey, thence to Princeton road, via the Ware farm, and back to this city. Length of route about 23 miles.

No. 7 extends from Hopkinsville out the Greenville road about ten miles, thence to the Madisonville road and back to this city. Length of this route about the same as that of No. 5.

Mr. Rising on Friday conducted an examination of applicants as carriers of the new routes to be established.

There were four applicants for each route. The papers have been sent to Washington, D. C., and will be acted upon at an early date.

Mrs. J. C. Buckner returned Sunday from Denver, Colo.

The proposition made by Supervisor McKee to the people living on the Cox's Mill road has been accepted. The farmers agree to do the hauling in building a pike to Church Hill. As there is about 2 miles built, there will be about 4 1/2 miles to build.

Mr. McKee has ordered a screen for the crusher and as soon as it arrives the crusher will be put to work. It is estimated that 2300 yds. will be needed for every mile of pike, making about 100,000 yds. to be used. The hauling will be a tremendous job and the liberality of the farmers agreeing to do this work gratis with their own teams cannot be too highly praised. The road grader will be started this week and the work will be pushed with all dispatch.

Warm spring days produce a feeling of drowsiness at the body is loaded with impurities of winter diet. Cleanse the blood, liver and bowels with Prickly Ash Bitters. It creates energy and cheerfulness. R. C. Hardwick, special agent.

### BANKRUPT SALE.

The Rebecca Hyman Stock Sold to Madisonville Men.

The Rebecca Hyman bankrupt stock was sold yesterday to Baker Brothers, of Madisonville. The price paid was \$700.

**CONSTIPATION**

It is surprising how many people there are who allow themselves to become afflicted with constipation. They apparently do not know that this condition poisons the entire system. Not immediately of course, but after a little time as the poisons accumulate they attack the vital organs and undermine the constitution. As a result, the victim becomes pale, hollow-eyed and sallow, the breath is foul, the head aches frequently, the strength slowly declines and the once strong, active body becomes weak and nervous.

**Prickly Ash Bitters**

is a cleansing tonic and restorative just suited to such conditions. It is a gentle stimulant for the stomach, liver and bowels, purifies the system thoroughly and invigorates the kidneys, conveying strength and new life to the whole internal organism. Under its marvelous reviving influence there is at once a brightening up in body and brain, renewed energy, strength, vim and cheerfulness.

## COUNT VON BUELOW

Chancellor of the German Empire  
Who Recently Resigned His Position  
Without Success.

There was considerable stir among nationalistic developing into intense indignation in England, when Chancellor Von Buelow in the German parliament recently denounced Joseph Chamberlain on account of his Eilatburg speech. Mr. Chamberlain, in defending the English against charges of atrocity toward the Boers, declared that Germany did not always employ the gentlest methods in her war with France. The German people have had a violent attack of Anger, but this feeling found no official utterance until Von Buelow

COUNT VON BUELOW  
(Chancellor of the German Empire and  
President of the Kaiser)

made his unexpected speech. Later the chancellor qualified his utterances.

Count Von Buelow, German minister of foreign affairs since 1900, had had a career crowded with honors and activity. He was born in Holstein on May 3, 1848, and was educated at the universities of Luebeck, Leipzig and Berlin. He entered the Prussian regiment of royal husars for the campaign of 1870 and served in this regiment as lieutenant until 1872. From 1872 to 1874 he was attached to the president of the district of Metz. In 1874 he entered the diplomatic service, where his advancement was rapid. For a year he was attached in the foreign office in Berlin and from 1874-75 he was an attaché at Rome. In the latter year being promoted to be secretary of legation. Next he was secretary at the embassies of St. Petersburg and Vienna, and in 1877 he was chargé d'affaires at Athens. He was secretary of the Berlin congress in 1878, and second and afterward first secretary of the embassy at Paris, 1878-84, and first secretary at St. Petersburg, 1884-88. He was minister at Bucharest, 1888-93, and ambassador at Rome, 1893-97, and minister of state and secretary of state for foreign affairs from 1897 to 1900.

lican when the whole west was free silver. He was born in Iowa in 1867, had a limited public school education. He went west, and was successively railroad "water boy," section hand, clerk in a country store, district school teacher and cowboy. He studied law when he could, was admitted to the bar in Tacoma. His present home and is considered one of the ablest lawyers in the state, with formidable vocabulary on law, spirit and courage that grows with danger.

## Heavy Life Insurance.

King Edward VII. is insured for about \$7,500,000, while the prince of Wales is estimated with \$5,000,000. The case is insured for \$1,000,000 with the chief daylight, which is valued by himself at \$7,500,000, so that the many insurance companies among which the risk were divided were very hard hit by his passing. The German emperor's insurance also runs into seven figures.

## Addition to the Dictionary.

A new word has been added to the language since wireless telegraphy has come into use. It is "radio-gram," and refers to wireless telegrams.

## Piecing.

That's a word which may not be in the dictionary in this sense of its use, but which is in very common use in some sections of the country. "She's always piecing," they say of the woman who runs to the cupboard at irregular hours and eats a piece of pie, cake, or some other dainty. This irregular eating is one of the chief causes of dyspepsia and "weak" stomach.

Diseases of the stomach and other organs of digestion and nutrition are completely cured by the use of Doctor Pierce's Golden Medical Discovery. It increases the supply of rich pure blood, and gives the body vitality and vigor.

One year ago I was feeling very badly," writes Mrs. L. A. Adams, of 19 Johnson Avenue, Brooklyn, N. Y. "I had no appetite and when I ate down at the table I could not eat, but would have to go away without even tasting the food. I was so weak that I could not do any work. I thought I would give the medicine a trial, and I can hardly express the benefit derived from it. The first dose seemed to do me good. My appetite returned and I was able to eat heartily. I have improved so much taking the 'Golden Medical Discovery' I do not look like the same person. Am today well and strong—the result of taking one bottle of Dr. Pierce's Golden Medical Discovery."

Dr. Pierce's Common Sense Medical Advice, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing and address Dr. R. V. Pierce, Buffalo, N. Y.

## A USE OF BOOKS.

Expands One's Outlook and Develops One's Ability and Interest.

One of the chief uses of books is found in their power of expanding the mental horizon and bringing it into relation with a vast range of interests that without them would be closed to us. A few persons may learn directly from Stanley or Nansen about his experiences or observations on his famous journeys, but in his books, what he saw and felt and thought is the property of us all. We plunge with one into the Dark Continent, we sail with the other into the frozen north. The book serves the mind as the telescope does the eye. It may plausibly be said that the newspaper brings before us the story of the day as they pass, but it does not bring us into relation with the forces and tendencies and records of the past without which the present cannot be understood. Knowledge is not wisdom, but it is the raw material of wisdom. And beyond this, who can estimate the refining and strengthening influence that is brought to bear upon character by a familiarity through reading with noble sentiments and just interpretations of life. Let the English Bible, or Homer, or Shakespeare, or Wordsworth, or even a single gem like the thirteenth chapter of First Corinthians, or Keat's Ode on a Grecian Urn, or the story of the blind men, which is probably the most perfect poem in English—link into memory's imagination and affection, and one's whole mental outlook and temper are transformed. He has developed new faculties, and is saved by new influences.—Boston Watchman.

## Cures Eczema, Itching Humors, Pimples and Carbuncles—Costs Nothing to Try.

B. B. B. ## FROM BENNETTSTOWN.

Numerous Personals From South  
Christian.—Crop Notes.

Bennettstown, Ky., May 9.—The  
recent rains have been a great ben-  
efit to the garden and crops. Most  
of the farmers are through planting  
corn.

We have preaching at this place  
every Sunday—Rev. J. C. Tate  
preaching the first and third, and  
Rev. Mr. Pepper the second and  
and fourth Sundays.

The second Sunday in June will  
be Children's Day at Sharon  
church. Mrs. Charles Southall,  
Miss Pauline Stevenson and Mr.  
Maxie Joiner have charge of the  
recitations and music. No doubt it  
will be a success.

## BUCKSKIN BILL

Will be in Hopkinsville, To-mor-  
row, May 14.

Two Performances of the Wild  
West Show to be Given  
Here.

Rain, mud and good prospects for  
more rain and mud had no terrors  
for several thousand of people who  
were bent on seeing Buckskin Bill's  
wild west show here yesterday.  
Almost every seat in the enclosure  
was occupied by 2 o'clock in the af-  
ternoon—the time for the perfor-  
mance to begin. The Indians, Mex-  
icans, rough riders, cow boys and  
cow girls, inured to a rough life,  
were undaunted when the rain be-  
gan to pour down in sheets, drench-  
ing them to the skin. The horses  
ploughed through the soft earth and  
the stage coach and "prairie school-  
er" lumbered around the circle  
something like a heavy logger laborer  
through the heavy roads after a  
week's downpour.

### Indians Under Restraint.

People who witnessed the strange  
maneuvers of the Indians, painted  
as they were in gaudy colors laid  
upon the bare skin, were interested  
too deeply, perhaps, to inquire  
whether they were constantly un-  
der the espionage of the official rep-  
resentative of the United States gov-  
ernment. But it is nevertheless a  
fact. The red men, members of the  
powerful Sioux nation, performed to  
the satisfaction of the audience.  
Their guardian, Mr. E. C. Swigert,  
the while occupied a seat with a  
party of newspaper men on the  
south side of the enclosure. He is  
the government agent and inter-  
preter and must account to the  
government for every Indian in the  
employ of Buckskin Bill. The man-  
agement is under bond of \$15,000  
for the proper treatment of the red  
men.

This show advertises to present  
its features rain or shine. This is  
scrupulously adhered to. Last  
night the audience saw another  
demonstration of how the people  
from the wild west can ride in the  
mud and rain.

The show throughout is similar to  
that of Buffalo Bill and is attrac-  
tive to persons with a desire to  
learn more of life on the frontier.—  
Kansas City Times, May 21, 1900.  
Will exhibit in Hopkinsville Wed-  
nesday May 14th.

"What's in a name?" The word  
"bitters" does not always indicate  
something harsh and disagreeable.  
Prickly Ash Bitters is proof of this.  
It cleanses, strengthens and regu-  
lates the system thoroughly, yet it  
is so pleasant the most delicate  
stomach will not object to it. R. C.  
Hardwick, special agent.

### Goals to Hawaii.

Miss Nabel Dryer, daughter of  
Mr. F. R. Dryer, of this city, who

with the Normal School at Honolulu  
and will leave for Hawaii in Au-  
gust. She will visit her old home  
in this city, however, before sailing  
for Honolulu. She is expected home  
about the first of June.

## Children's Fertilizer.

That's a good name for  
Scott's Emulsion. Children  
are like young plants. Some  
will grow in ordinary soil.  
Others need fertilizers.

The nature of some children  
prevents them from thriving  
on ordinary food. Such chil-  
dren grow right if treated right.  
All they need is a little fer-  
tilizer—a little extra richness.  
Scott's Emulsion is the right  
treatment.

Fertilizers make things grow.  
That's just what Scott's Emul-  
sion does. It makes children  
grow in flesh, grow in strength,  
grow rich blood, grow in mind,  
grow happy. That's what we  
make it for.

## THE TIME IS PAST

For cheap buggies. Very frequently you see a buggy  
of a superior make, such as WOODHULL, SCHACHT,  
TROY or COLUMBUS, that has been used constantly  
for TEN YEARS, some of them FIFTEEN YEARS.  
They cost nearly twice as much, but they last four or  
five times as long, and the people are finding out they  
have been making a grave mistake in buying the  
"CHEAP JOHN" grades. We notice this in the brisk  
trade we are having in the HIGH GRADE WORK  
this season.

We carry some cheap buggies too for those who  
haven't the means to buy the best. Our assortment  
contains a number of wire wheel fancy jobs. We are  
making good our promise to carry the biggest line of  
Buggies and Carriages to be found in any one house in  
the State.

## IN FERTILIZERS

We carry ARMOUR, HOMESTEAD, NORTHWEST-  
ERN, NATIONAL, OX BRAND and LOUISVILLE,  
all at low prices. You know what these brands all  
are.
